# Green's functions methods: the next

1

Allocated time for talk is 50 minutes, for a 30 minutes talk. Is this 30/50 ratio ok ?

Yes, I would not change it

96%   22 votes

I would prefer a smaller ratio, like 30/60 or 25/50 (more time for discussion)

0%   0 votes

I would prefer a bigger ratio, like 40/50 (less time for discussion, more for the speaker)

2

We have had 6 talks per day

That's ok. Good balance — 67% — 16 votes

Only 4 or 5 would give us more time for discussion — 13% — 3 votes

We could increase even to seven per day — 21% — 5 votes

3

We try to cover several topics of Green's function active developments (and applications).

I would prefer a wider variety of topics
17%   4 votes

I would prefer less topics with more talks devoted to them
8%   2 votes

More or less ok
75%   18 votes

There should be only topic per event to focus more on a subject (more like a workshop)

This event lasts 3 days.

3 days is an ideal duration ————— 71%   17 votes

One day more would be welcome ————— 21%   5 votes

Two or two and a half days would be enough ————— 8%   2 votes

Distribution of the three days or workshop

3 full days on a row

<!-- bar 13% --> 13% 3 votes

through 4 days: 1/2 day, 2 full days, 1/2 day (this event)

<!-- bar 83% --> 83% 20 votes

through 4 days: 2 full day, 1/2 day + free time, 1/2 day

How frequently this workshop should be organized ?

Every 2 years (actual frequence) 67% 16 votes

Tentatively more frequently (every year or every 18 months) 25% 6 votes

Even every 3 years would be enough 8% 2 votes

Your suggestion for a future better event

1   Program (topics,speakers)

put booklet on planify

what about the beers?!

Contribution of new algorithm

Beer at the poster session

no ibiza!

continue to organize it at Cecam

Next time Ibiza

Force all people to bring a poster

less strong correlation

Decide a topic which is the focus for each edition

Some devoted pedological talks.

IINVITE A LOCAL PEOPLE OF LAUSANNE

Collect & make available
speakers' presentations

where are ADC techniques ?

It would be good, if the discussions could be moderated better, as they can become tedious.

put some open questions up in the beginning

more non-European speakers

more strong correlations

Invite an experimentalists ?

2   Format (timings, # talks, repartition)

More Room for younger students?

Format is perfect as it is

Collect also poster abstracts somewhere

Stronger moderation
