

CONES 2016 Conference on Non-Equilibrium Systems

Fluctuations, rare events and non-stationary dynamics

London 6-8 July 2016 Goodenough College

CONES will bring together leading experts in non-equilibrium phenomena. Thematic strands will cover the physical, biological and environmental sciences.

CONES will also explore common challenges in non-equilibrium systems and ask what insights can be transferred between disciplines.

Speakers to include:

Andrea Cavalleri (MPI, Munich/Oxford)
Cecilia Clementi (Rice)
Leticia Cugliandolo (PTHE, Paris)
Rowan Douglas (Willis Research Networks)
Erika Eiser (Cambridge)
Jens Eisert (FU, Berlin)
Massimiliano Esposito (Luxembourg)
Juan P Garrahan (Nottingham)
Robert van Leeuwen (Jyväskylä)
Fred MacKintosh (Rice)

Eugenio Lippiello (Naples)
Marco Ribezzi Crivellari (LBC, ESPCI, Paris)
Matthias Rief (TU, Munich)
