

## Reader/Senior Lecturer/Lecturer in Physics

£34,576 to £55,389 | Scotland |

We are seeking to recruit a highly motivated and enthusiastic individual of the highest calibre with an excellent publication and established funding record, with established excellence in delivering undergraduate courses, to the post of Reader in Physics to be held in the School of Science and Engineering at the University of Dundee. We will also consider candidates with less experience, appointment at the Senior Lecturer or Lecturer level is also possible. The successful candidate will hold a PhD in Physics, or a related discipline, and will contribute to the teaching of physics and maintain, or develop, a vigorous independent, experimental, computational, or theoretical, research programme. Current strengths within the School include biophysics, especially biophotonics, soft matter physics and computational biophysics, laser-matter interactions, nano and functional materials including energy, electronic, and optical materials and devices, photonics, including complex photonics and laser development, space technologies, solar physics and astrophysics. We are looking for a candidate with a strong track record of research and a clear research plan that fits in or significantly expands our current research areas. Candidates with industrial research links are of particular interest. We encourage applications from holders of personal fellowships.

The role is full-time and permanent. Interviews will be held on 27<sup>th</sup> September and we expect the candidate to be in post no later than 5<sup>th</sup> January 2017.

Full details of the required criteria for the position can be found in the job pack. Please submit with your completed application form your full CV, a five year research plan, and a statement on your approach to teaching. More information about the post may be obtained by contacting Dr David Keeble ([d.j.keeble@dundee.ac.uk](mailto:d.j.keeble@dundee.ac.uk)).

We welcome applications from everyone irrespective of gender or ethnic group. As women and members of ethnic minorities are currently under-represented in posts at this level we particularly encourage applications from members of these groups. As a global University, we are interested in attracting candidates working in all parts of the world and can offer relocation support.

### Salary

Reader or Senior Lecturer – Grade 9: £49,230 - £55,389 per annum

Lecturer – Grade 7: £34,233 - £37,768, or Grade 8: £38,896 - £46,414, per annum
