

HERMES 2020

A Computational Materials Science & Science Communication Summer School

Hermes 2020 Summer school is a unique opportunity for graduate students to learn and train through masterclasses given by leading professionals in computational physics, chemistry and materials science, as well as workshops on science communication and publishing

Attend lectures and practical sessions from leading experts on density functional theory, molecular dynamics and machine learning.

Meet and network with other young researchers in computational physics, chemistry and materials science.

Join our workshops on giving effective presentations and sessions on scientific writing and publishing.

present your research at our student poster session, with prizes for best posters.

DATES
JULY 24th
TO 28th, 2020

LOCATION
HISTORIC CUMBERLAND LODGE
WINDSOR, UNITED KINGDOM
